

User story III- Profile update

1 Click "d"

2 Click "Profile"

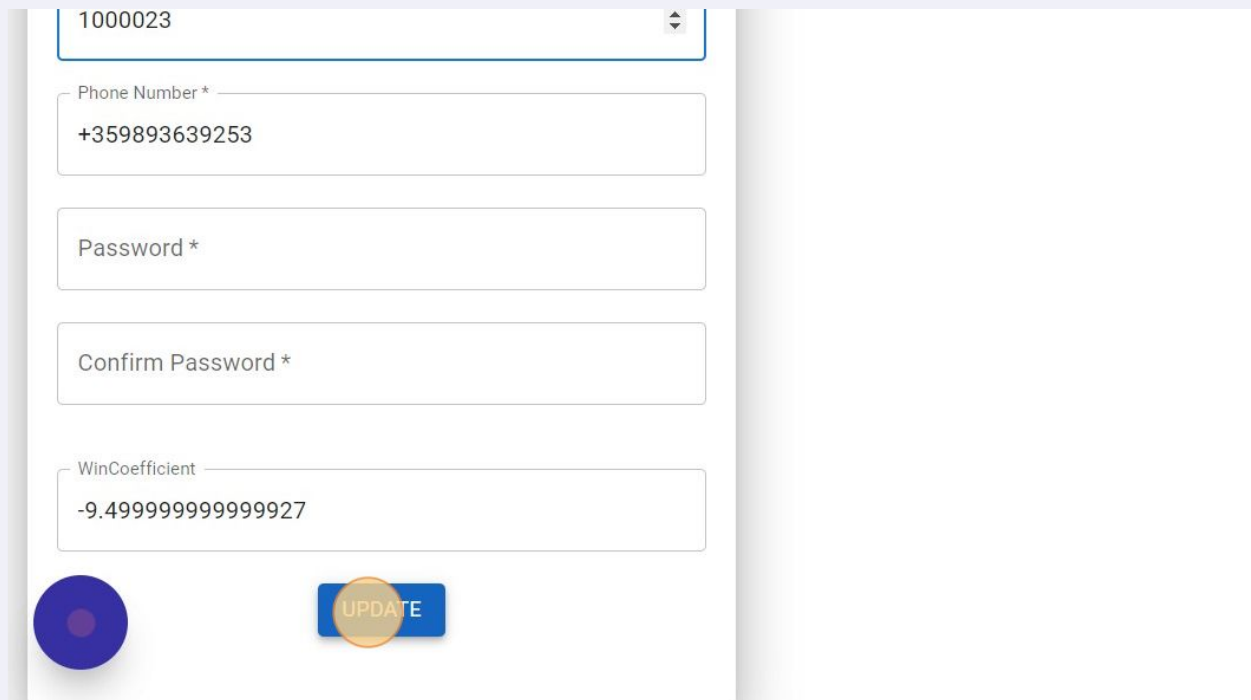

3 change the desired information

A screenshot of a web application interface showing a user profile page. The page has a white background with a blue header bar at the top. On the right side of the header, there is a circular profile icon containing the letter 'd'. Below this icon, a dropdown menu is open, showing two options: 'Profile' (with an orange circular icon) and 'Logout'. The main content area of the page is white and contains a form to edit user information. The form has several input fields with labels and asterisks indicating required fields:

- Username *: d
- Email *: distitoniPuttera@abv.bg
- Name *: donjo
- Surname *: donev
- NationalIDNumber *: 99994
- Phone Number *: +359893639253
- Password *
- Confirm Password *

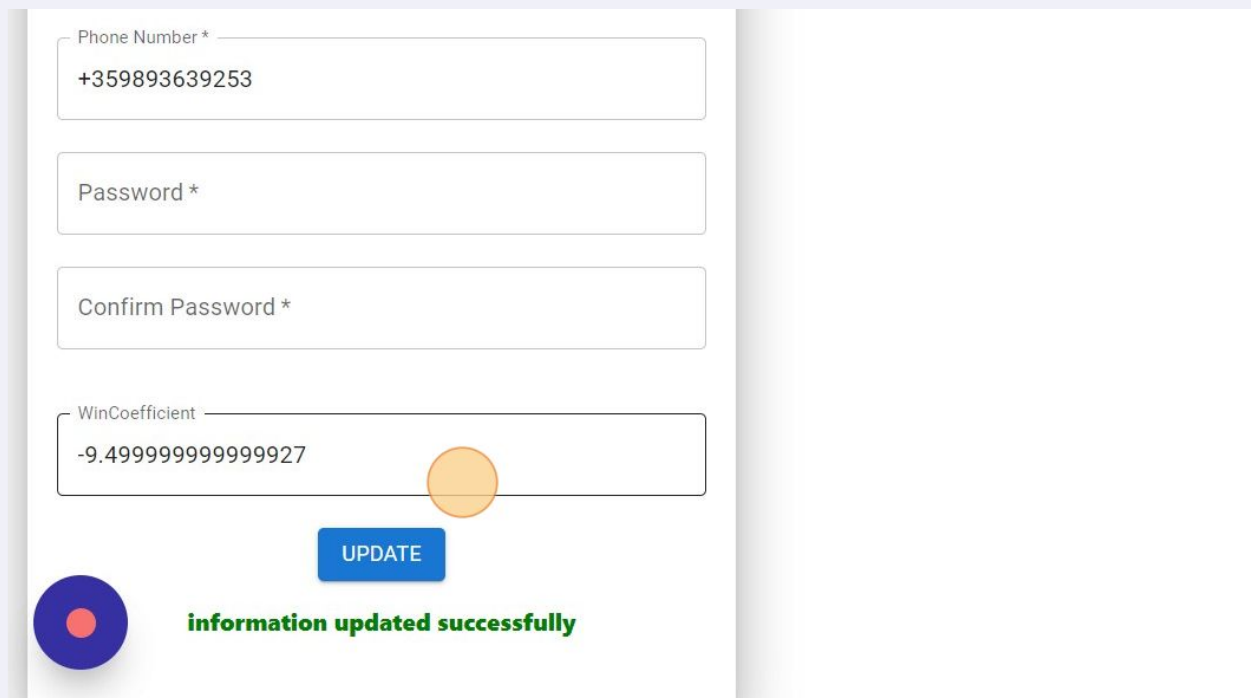

At the bottom left of the form, there is a blue circular icon with a red dot in the center. To the right of the form, there is a white box containing the text '51 €'.

4 Click "UPDATE"

A screenshot of a user profile update form. The form contains the following fields: a dropdown menu with the value '1000023', a 'Phone Number *' field with the value '+359893639253', a 'Password *' field, a 'Confirm Password *' field, and a 'WinCoefficient' field with the value '-9.499999999999927'. At the bottom left is a blue circular profile picture placeholder. At the bottom right is a blue button with the text 'UPDATE' in white, which is highlighted with a yellow circle. The form is set against a light gray background.

5 you will see that your profile has been updated successfully

A screenshot of the same user profile update form as in the previous step. The form fields and the 'UPDATE' button remain the same. However, a green success message 'information updated successfully' is now displayed in bold green text below the 'WinCoefficient' field. The 'UPDATE' button is no longer highlighted. The form is set against a light gray background.
